Training Course on

Applications of Medical Genetics in Reproductive and Child Health

3rd June- 28th June 2024

Sponsored by

Department of Health Research (DHR)

Ministry of Health & Family Welfare, Government of India

ICMR-National Institute for Research in Reproductive and Child Health (ICMR-NIRRCH) located at Parel, Mumbai is a premier institute which conducts clinical, basic, operational and implementation research on different aspects of reproductive and child health. This DHR course is being organized by the Genetic Research Centre, ICMR-NIRRCH. This course aims at imparting conceptual and technical know-how through a series of lectures, hands-on sessions and tutorials on the advances in clinical and laboratory genetics including research methodologies.

Eligibility

- ❖ Indian citizens with MBBS/MD/MS/DM or MCH holding regular positions are eligible to apply. Candidates from North-East and semi-urban/rural regions of India are encouraged to apply.
- ❖ Candidates in service should forward their applications through proper channel and upload a NOC from the Head of the Institution along with their application.

Key Highlights

Existing technologies for genetic testing and their utilities, diagnostic algorithms for genetic disorders affecting reproductive potential and child health, interpretation of a genetic diagnostic report, and genetic counseling
